Do you accept donations?

YES WE DO! Donation on “OURCRIES” means to give

Children their basic rights such as right to an adequate standard of living, quality education, protection from violence, exploitation and abuse, appropriate treatment by justice systems, free expression and so on. Once you donate to OurCries you are helping us serve more children in Tanzania. We need additional funds to be able to continue operating and improving this website. At this time, though, we unfortunately do not yet have a way to accept secure and anonymous donations through an easy-to-use online button. Please let us know that you want to donate by sending us a message on our email

address which is ourcries@gmail.com, and we'll get back to you right away about how to send us a donation.
