How did OURCRIES get its name?

"Being a student in a public school which is away from home made me experienced various harassments and abuses from daladala conductors and drivers while using public transport, according to the survey I conducted in 4 schools it revealed that 90% of the 200 students who participated were harassed daily either by being beaten, abusive language, pushed, denied seats, denied to enter the bus, high fare charges and seduced. And when they were talking to me it's like they wanted to CRY, that's when I thought of using this name. Since I am planning to expand from transportation to other sector like Corruption I thought again of the name and found that it fits even in that site. So OURCRIES is the name. " Modesta
