

Is OURCRIES own by government?

No! OURCRIES is owned by an individual, Modesta Joseph is the founder, and she started it when she was in form Three at Kisutu Girls Secondary School.

Is it must to provide info's like my name, phone number, and other identifying information when submitting a cry? No! it is not must to put your info's, but If you report anonymously, we can't help you directly – we can only use the report you submit for statistical purposes as well as punishing or warning the reported individual or Bus which wronged you, But, if you provide us with your info's it will be easy for us to help directly mostly when the cry is that serious like rape.
