Take action now! Participate

Are you an individual or organization with passion of helping children? If so then OURCRIES is a right place for you. Join OURCRIES by volunteering, i.e. collecting crises from students of different schools by visiting schools, giving out brochures to students on schools or Daladala stages etc.

Help a student who don't have mobile phone or computer with internet connection so that he/she can report her cry on the system, also you can help us by sharing our work with your family and friend in the social media, Newspaper, Radio,

Blogs, Television or the word of mouth. Also a device can be

Used to take a picture or video when students are harassed and to post it to us.
